Article Numbers: 170644, 170643

Safety Instructions:

- Risk of suffocation due to improper handling of cordless devices, especially by children.
- Risk of electric shock due to improper use of the device or faulty USB connections.
- Risk of the battery overheating if used or charged incorrectly. Ensure that the device is not overcharged to prevent damage to the battery.
- Do not use the appliance near water to avoid electrical risks.
- Do not place the product near areas sensitive to heat or moisture and avoid using it in extreme temperatures or humid environments.
- Regular firmware checks to ensure security standards.
- The product is not suitable for children under 3 years of age due to small parts.
- Although IP64-certified, avoid use in damp environments as water and dust resistance cannot be guaranteed in the event of improper handling.
- Avoid using the device while charging to prevent overheating.
