Safety Instructions:

- Secure the shelf from tipping over, especially when it is fully loaded, and store it safely to prevent injury from falling or tipping over.
- Regularly check the stability and condition of the shelving structure.
- Avoid overloading the shelves beyond the recommended load capacity.
- Keep the storage boxes away from hot or damp areas and direct sunlight to prevent material damage.
- Read the installation instructions carefully and follow all instructions for safe installation to ensure stability.
- Choking hazard due to small parts, especially for children.
