Safety Instructions:

- Mount the shelf securely on the wall and follow the assembly instructions to avoid the risk of it falling over.
- Check edges and surfaces for sharp edges and splinters to minimise the risk of injury.
- Wear protective gloves and suitable personal protective equipment during installation to avoid cutting injuries.
- Ensure sufficient load-bearing capacity of the shelves, avoid overloading.
- Check shelves regularly for structural integrity and damage.
- Install the shelf out of the reach of children to prevent accidents.
