Safety Instructions:

- Use only for the intended purpose to avoid improper use.
- Observe the maximum load capacity of 500 kg to ensure stability and safety.
- Manual height adjustment requires careful handling to avoid crushing injuries.
- Regularly check the stability, connecting elements and mechanics of the table for wear and damage.
- Ensure that the table is positioned on a stable and level surface to prevent it from tipping over.
- Children should be kept away from the table to avoid accidents.
- Use in safety-critical or hazardous areas requires suitable protective measures.
- Avoid contact with water sources or high humidity to prevent damage.
- Avoid use in the vicinity of electrical appliances without appropriate safety precautions.
- The linoleum-coated surface should be protected from moisture and chemical substances to prevent damage.
