Safety Instructions:

- The table must not be overloaded to avoid the risk of it toppling over.
- Please avoid sharp objects to prevent scratches on the table top.
- The assembly instructions must be followed exactly to avoid injuries and instability.
- The table must be placed on a stable, level surface to prevent it from wobbling or falling over.
- If necessary, use a protective tablecloth to protect the surface from UV rays and the effects of the weather.
- The table should not be used in an area with strong winds. Make sure that it is stable or attach additional safety devices if necessary.
- Use suitable cleaning agents for outdoor use to protect the surfaces; do not use strong chemicals.
- The table is intended for outdoor use only; do not use indoors to avoid corrosion.
- Be careful with sharp edges of the table top, as there is a risk of injury.
- Keep the table away from naked flames or hot surfaces.
