Safety Instructions:

- Not suitable for children under 3 years of age as it contains small parts and there is a choking hazard.
- Before use, ensure that the product is properly programmed to avoid operating errors.
- Avoid connecting the product to unsecured devices in order to minimise safety risks.
- Check the batteries regularly and remove them if there are signs of leakage or damage.
- Batteries must not be set on fire or immersed in water and must be disposed of properly to avoid environmental pollution.
- Do not use at temperatures outside the range of -45 °C to 60 °C.
- If the product comes into contact with water, dry it off immediately and contact the manufacturer if necessary.
- Follow instructions for safe use and storage to avoid accidents.
- Caution: The product contains moving parts that can cause injury.
- Ensure that the product is kept out of the reach of children.
- The use of the product is only recommended for dry and clean applications.
- The product could be damaged in the event of a fall or mechanical impact.
- The Bluetooth and app functionality requires correct pairing with a smartphone and make sure that no unauthorised access occurs.
- Take care when using outdoors: Check that the cover is properly closed to keep out moisture and dust.
