Safety Instructions:

- Max. load capacity: 50kg. Avoid excessive load.
- Secure the ESD steel shelf properly and mount it stably to prevent it from tipping over and posing a risk of falling.
- For commercial use, not for children. Select inaccessible installation locations for children to avoid injury.
- Include clear installation instructions and safety instructions.
- Avoid sharp edges or pointed objects near the product. Users must be careful during installation to avoid injury.
- Check the function of electrical devices on the steel floor to avoid electric shocks.
