Safety Instructions:

- Ensure that the top frame is mounted stably and securely on the workbench to prevent it from tipping or slipping.
- Ensure that the mounted perforated plate is correctly positioned to prevent tools from falling off.
- The load on the add-on frame must not exceed the maximum permissible load capacity in order to avoid structural damage and injury.
- Follow the manufacturer's instructions when assembling to avoid accidents.
- Only use the product for its intended purpose in accordance with the product description.
- Always keep the work area free of obstacles to avoid tripping accidents.
- The manufacturer's instructions for safe use must be observed and, if necessary, enclosed in the language provided.
