Safety Instructions:

- Ensure that the workbench is used on a stable, level surface to minimise the risk of tipping and to prevent tipping.
- The maximum load capacity of the height-adjustable shelf is 75 kg. Do not exceed this load capacity to avoid overloading.
- Do not set up the workbench near heat sources or damp environments.
- Children and untrained persons should be kept away from the workbench to avoid injury.
- Before moving the workbench, ensure that the area is free of obstacles. Stay on a level and unobstructed surface when moving.
- Read and understand the safety instructions before use to avoid improper handling.
- Ensure that the workbench is stable during use to prevent accidents.
- Take protective measures to avoid accidental injury from sharp edges or moving parts.
- The mobile workbench should be checked regularly for wear and damage to ensure safety during use.
- Warning: The mobile workbench should only be operated by adults.
- Improper handling may result in injury; therefore, follow all instructions for safe use.
