Safety Instructions:

- Only use the workbench with the intended loads and load capacities to avoid injury.
- Ensure that the workbench is set up on a stable and level surface to prevent it from tipping over.
- The product should be kept out of the reach of children to prevent accidents; do not leave children unattended near the workbench.
- Be careful when moving the workbench with the castor set and ensure that there are no obstacles in the way and that the weight is evenly distributed.
- Take care when using moving parts and when opening and closing the drawer to avoid injuries (e.g. finger injuries).
- Observe the maximum load capacity of the drawer (max. 50 kg); do not overload it.
- Only use the workbench for its intended purpose to avoid injury.
- Keep flames and extreme heat sources away from the workbench to prevent damage to the steel structure and linoleum surface.
- Avoid contact with sharp or pointed objects with the linoleum surface to prevent damage.
