Safety Instructions:

- Check that the feet are stable and place the appliance on a stable, level surface to prevent it from tipping over and causing injury.
- The maximum load capacity of the drawers and the shelf is 75 kg. Avoid overloading.
- Place the product out of the reach of children and do not allow children to use it to prevent injury.
- Keep drawers and doors closed to avoid injury.
- Use protective clothing and watch out for sharp edges to prevent injuries.
- Keep the work surface clean to minimise the risk of slipping.
- Regularly check the stability and condition of the workbench and ensure that all screws and fastenings are tight.
- Intended for use by adults or under adult supervision only and for professional use only; not suitable for home use.
- Avoid pulling heavy objects, lift them properly to avoid injury.
- Do not use in damp or chemical-rich environments to prevent damage and allergies.
- Follow the instructions carefully during installation and use to avoid safety risks.
- Take appropriate safety precautions and protective measures when using dangerous tools and machines.
- Only use the workbench for its intended purpose in order to minimise safety risks.
