Article Numbers: 659657, 659656, 659648, 659646

Safety Instructions:

- If used incorrectly, there is a risk of the drawers being damaged due to overloading.
- Max. Load capacity of the drawers: 75 kg. Avoid overloading and distribute heavy tools evenly.
- Ensure that the workbench is used on a stable, level surface to prevent it from tipping over or wobbling.
- The workbench is not suitable for children and should be kept away from them.
- Suitable protective equipment (e.g. gloves) should be worn during use to avoid injury.
- Regularly check the stability and safety of the workbench, especially the height-adjustable parts.
- The 30 mm multiplex wooden worktop should be kept dry, as it can be damaged if it comes into contact with water.
- Keep the work area free of obstructive or flammable objects to avoid tripping hazards.
- Only use the workbench for its intended purpose and follow all safety guidelines.
- Use suitable lifting techniques when lifting or moving the workbench to avoid injury.
