Safety Instructions:

- Store heavy objects securely to prevent them from falling over and do not overload drawers to prevent them from falling out.
- Place the workbench on a stable and level surface to prevent it from tipping over.
- Keep children away from the workbench to avoid injury.
- Avoid using unsuitable equipment on the workbench.
- Do not use aggressive chemicals for cleaning to avoid damaging surfaces.
- Keep the workbench free of electrical devices or check their cables for damage to minimise the risk of electric shock.
- Observe the maximum load capacity of the drawers and shelves (75 kg).
- Safe handling when lifting or adjusting the height mechanism.
- Suitable for commercial environments, not for use with children.
- Follow the assembly instructions carefully to avoid the risk of tipping.
- Do not use electrical appliances near the workbench without suitable protective measures.
- Ensure that all drawers and doors are properly closed.
- Avoid placing excessive loads on the drawers and the shelf above the specified 75 kg.
- Store tools and heavy materials safely on the shelf.
- Do not set up the workbench in damp areas to prevent damage to the worktop.
- Do not leave any water or liquids on the work surface to avoid the risk of slipping.
