Safety Instructions:

- Do not exceed the maximum load capacity of 75 kg per drawer or shelf.
- Place the workbench on a stable, level surface to prevent the risk of it tipping over.
- Avoid working in damp environments to minimise rusting and corrosion.
- Store heavy tools and materials safely to avoid injury.
- Regularly check the stability and condition of the workbench to prevent accidents.
- The product is not suitable for children and must be kept away from them.
- Use suitable protective equipment during assembly and use.
- Do not touch any sharp or loose parts without wearing protective gloves.
- Only use the product in accordance with its intended use in order to avoid damage and hazards.
- Do not use the workbench to rectify electrical problems or to work on electrical appliances.
