Safety Instructions:

- Choking hazard due to small parts if the chair is not used properly. Not for children under 3 years of age. Children should not play unsupervised.
- Self-extinguishing padding for maximum safety in public areas. Carry out regular safety checks and fire-specific inspections.
- Make sure that the chair is placed on a stable surface to prevent it from tipping over. Seat height and stability are particularly important for older people.
- Do not use the product if it is visibly damaged. Make sure you follow the installation and handling instructions.
- Observe the recommended maximum load capacity and utilisation in the intended area of application, avoid excessive loads.
- Keep the floor surface clean to avoid tripping accidents. Avoid areas where there is a risk of tipping.
- The product may only be used in accordance with the applicable safety and standard regulations. Ensure that the safety information and instructions are easy to understand.
- Avoid exposing the product to excessive heat to reduce the risk of fire. Observe disposal guidelines to avoid environmental risks.
- Use gentle cleaning agents and avoid aggressive chemicals to protect the fabric cover. Beware of the risk of slipping when wet.
- Ensure that all manufacturer and contact details are easily accessible for queries or complaints.
- The sturdy tubular steel frame helps to avoid the risk of tipping over. Regularly checking the stability of the frame and upholstery is recommended.
- Materials are free of harmful substances such as fluorine or formaldehyde.
