Article Number: 660326

Safety Instructions:

- The monitor arm can fall over and injure people if it is not mounted correctly. Ensure that it is securely fastened.
- Maximum load capacity per monitor: 5 kg. Make sure to keep the monitors within this limit to avoid damage or injury.
- Only use the table clamp supplied or the optional screw-through fastening. Other solutions could impair stability.
- The product should be kept out of the reach of children to avoid the risk of injury from pinching or falling.
- Constant Force™ technology enables easy adjustment. Check that the monitors are properly secured to prevent accidents.
