Safety Instructions:

- Only use the anti-slip tape on clean, dry and smooth surfaces. Do not apply to damp, unclean or uneven surfaces.
- The product must not be used directly on fresh coatings or with other coatings.
- Adhesion may be affected by extreme weather conditions, chemicals, extreme temperatures and direct sunlight. Do not use outdoors without protection or near heat sources.
- For use on stairs and ramps, the tape must be glued properly and without gaps, especially at the edges, to prevent lifting.
- Replace the anti-slip tape immediately if it is damaged or worn to ensure safety. The anti-slip coating fulfils ASR A1.5/1.2 and DIN 51130 standards.
- The anti-slip tape is not suitable for use on uneven, porous or damaged surfaces.
- Keep the belt away from children to avoid the risk of injury or swallowing small parts.
- The product must be used in accordance with the manufacturer's instructions.
