Safety Instructions:

- Choking hazard due to small parts if handled incorrectly.
- Risk of suffocation due to improper use of the mobile wall units.
- Fire hazard due to improper use of the acoustic material. The product is flame-retardant in accordance with DIN 4102 (B1), but open flames and heat sources in the vicinity should be avoided.
- Safety information and instructions for use should be included.
- Observe the safety instructions for safe use.
- Do not use as a climbing aid or for support.
- Protect from direct sunlight to avoid colour changes.
- Observe the maximum load specifications.
- Ensure that the connection with other modules is stable.
- Ensure a secure footing for mobile use. The mobility of the product requires special attention during transport and installation in order to avoid injuries.
- Risk of injury due to improper transport or if the partition wall falls over.
- The material is allergy-friendly, but users should be aware of possible individual intolerances.
