Safety Instructions:

- The product should not be used as a partition to support weight or load.
- It is recommended to place the product on a flat surface to prevent it from tipping over.
- All manufacturer's instructions must be read carefully and followed before installation.
- The use of tools for assembly should be carried out with extreme caution to avoid injury.
- Protective measures must be taken to prevent hands from being crushed during assembly.
- The product is not suitable for use outdoors or in damp environments.
- Regularly check that the Velcro connection is firmly seated.
- Take care when moving or adjusting the partition wall to avoid injuries and tipping over.
- Avoid direct contact with sharp edges or moving parts.
- Only use the product in accordance with the manufacturer's instructions to ensure safety and effectiveness.
- There is a risk of injury if the partition is installed or used incorrectly.
- Make sure that the partition is securely on its castors and that the brakes are activated before moving it.
- Ensure sufficient stability when using in office areas.
- Do not allow children to use the product as it is not designed for use by children.
- Warning: Ensure that the partition wall system is secure and stable to avoid the risk of tipping.
- Caution: Sharp edges or corners can cause injuries. Be careful when handling the product.
- Note: The product should not be used as a toy or climbed on by children.
- Make sure that the movable wall is not overloaded to avoid damage.
- Only use the castors of the movable wall on suitable surfaces.
- Follow the instructions for tool-free installation to avoid damage.
- Secure other objects to prevent the screen from falling over or wobbling.
