Safety Instructions:

- The monitor stand is not suitable for use by children as it can be considered a potential source of danger.
- Ensure that the monitor stand is positioned on a stable and level surface to prevent it from tipping over.
- Only use the monitor stand for monitors with a maximum size of 27 inches to ensure stability and safety.
- Follow the height adjustment instructions to ensure safety during adjustment.
- Keep small parts and the stand clear of obstacles to prevent falls and associated injuries.
- Choking hazard due to small parts possible.
- Carefully check that the height adjustment is stable during use.
- The monitor stand should not be overloaded to prevent it from tipping over.
