Safety Instructions:

- Read the operating instructions carefully before use.
- Only use with NiMH rechargeable batteries. Only use rechargeable batteries recommended by the manufacturer to avoid safety risks.
- Ensure that the batteries are inserted correctly to prevent damage due to incorrect polarity. Before use, ensure that the batteries are not overheated or damaged.
- Protect the device from moisture to avoid short circuits. Avoid contact with water during the charging process.
- Do not charge the device unattended. Do not leave the charger near flammable materials.
- Only use in a well-ventilated area. The charger can only be operated in dry and well-ventilated areas.
- Keep out of the reach of children. The appliance is not suitable for use by children under the age of 8.
- Check the cables regularly for damage to avoid the risk of electric shock.
