Safety Instructions:

- Make sure that the box is transported safely to avoid injury.
- The box should not be subjected to excessive loads to prevent the structure from breaking or failing.
- Keep the box away from water and damp environments to prevent mould growth.
- Use the box in accordance with the intended applications to minimise safety risks.
- Ensure that the box is not left unattended during use to prevent misuse.
- Do not use as a toy by children to avoid the risk of injury.
- Do not overheat the box or expose it to direct sunlight to prevent the material from melting or deforming.
