Article Numbers: 660685, 660683, 660682, 660680, 660679, 660678, 660677, 660676, 660675

Safety Instructions:

- Product contains no small parts, but store safely to avoid injury.
- Be careful when carrying as the folding handles can come loose.
- Before use, make sure that the box is stable enough for the contents.
- Do not store the transport box near heat sources to avoid material deformation.
- Remove small parts before use to avoid the risk of choking.
- Avoid sharp objects to prevent damage.
- Do not overload the box to prevent it from tipping over or breaking.
- If the box is damaged, do not reuse it.
- Keep away from children to minimise the risk of injury.
- Ensure stability when stacking.
- Not suitable for children under three years of age due to small parts and play hazard.
- Use box with optional lid to prevent objects from falling.
- Only use handles as intended to avoid breakage.
- Made of recycled polypropylene; disposal according to local guidelines.
- Not suitable for the transport of dangerous goods.
- Child supervision required when used by children.
- Avoid contact with sharp objects.
- No direct contact with heat sources to avoid deformation.
- No transport of live animals or dangerous goods.
- Avoid direct sunlight and extreme temperatures to maintain material integrity.
- Product is made of plastic and is fragile if used improperly.
- Do not set up on uneven ground to avoid tipping over.
- Lid must be purchased separately.
- Do not use at extremely high temperatures.
