Safety Instructions:

- Risk of electric shock if the electrical appliance is used incorrectly. Disconnect from the power supply before cleaning to avoid the risk of accidents.
- Only use the product in dry environments to avoid electrical hazards. Take care not to use the light in damp locations to avoid short circuits.
- Not suitable for use by children without supervision. Not suitable for children under 3 years of age due to small parts.
- LED components are not replaceable; replace the entire product in the event of failure. The LED light sources are not replaceable, so special care must be taken when using them.
- The light may only be operated with a voltage range of 100-240 V AC.
- To avoid the risk of fire, do not cover the light or operate it near heat sources.
