Article Numbers: 660886, 660885

Safety Instructions:

- Higher temperatures can lead to overheating. Ensure that the light is placed on a stable and heat-resistant surface and is not covered.
- The LED light sources are not replaceable. The light should be replaced in the event of a defect.
- Do not use near water sources or in damp environments to avoid the risk of electric shock and short circuits.
- Take care when using the dimmer function to avoid overloading the light.
- Choking hazard due to small parts if handled incorrectly.
- Risk of electric shock if the electrical system is used incorrectly.
- Do not look directly into the light to avoid glare.
