Article Numbers: 660975, 660971, 660970, 660962

Safety Instructions:

- Not suitable for children under 3 years due to small parts.
- Do not exceed the maximum load capacity of 500 kg. Please note that the roll box may only be loaded up to a weight of 500 kg. Do not exceed the maximum load of 500 kg.
- Do not use the roll box in an overhang or on uneven floors to avoid tipping. Ensure that the roll box is placed on a level surface to prevent it from tipping over. Use the product on a stable surface to prevent it from tipping over.
- When using with lockable grille, ensure that keys are always stored securely. Keep the product locked to prevent theft.
- Use the optional tensioning straps to ensure safe transport. Use the optional tensioning strap to secure heavy elements.
- The grid walls must not be overloaded in order to maintain the structure and safety.
- Safe transport and handling procedures should be observed when using in the factory. Observe safety precautions when loading and unloading. Check for damaged parts before use.
- Clear instructions must be included for safety precautions and safe use.
- Ensure that smaller objects are secured in the roll box during transport. Small objects could be removed through the mesh walls - be aware of the risk of suffocation.
- Please only use the recommended accessories to ensure safety.
- Do not use for the transport of dangerous goods.
- Do not move the castors over obstacles if the load is not at maximum. Pay attention to the castor design to avoid injuries during transport.
- Protect from the weather when used outdoors.
- Use only for the intended purpose in accordance with the manufacturer's instructions.
- Check castors regularly for wear.
