

# Product Safety Information

## **Bauer RW-GR 3300-2 PE shelf tray, with grating and PE insert, W 3262 x D 1312 x H 267 mm, up to 540 l, painted or hot-dip galvanized steel**

Please note the technical data of the products!

**Article Numbers:** 660754, 660750, 660749, 660748, 660746, 660744

### **Safety Instructions:**

- Ensure the safe storage of aggressive media.
- Use suitable personal protective equipment (PPE) when handling and storing aggressive media.
- Observe the maximum load capacity of the shelf tray of 1000 kg/m<sup>2</sup> and avoid overloading.
- Check the shelf tray regularly for cracks, physical damage, leaks and corrosion.
- Make sure that the shelf tray is stable to prevent it from tipping over.
- Only use the shelf tray in accordance with the specifications for the specifically indicated liquids of GHS categories 1-4.
- Ensure that the shelf tray complies with the applicable regulations for the storage of hazardous substances.
- When storing flammable and water-polluting liquids, take the utmost care and observe the specific regulations to prevent leaks.
- Ensure that the product is not accessible to children.
- Ensure that the shelf tray is installed correctly and securely and is always kept clean.
- Empty the shelf tray for maintenance and cleaning work and dispose of all liquids safely.
- Ensure that the product is regularly checked for damage to prevent environmental damage.
- Only use suitable containers for storing hazardous substances.
