Article Numbers: 883497, 883496

Safety Instructions:

- Do not exceed the maximum load capacity of 370 kg.
- Caution: Do not exceed the maximum permissible load of 220 kg.
- Check for damaged parts before use and inspect the wheels and joints for damage and wear.
- Only use on firm, level surfaces.
- Use only recommended on hard floors to minimise abrasion on the wheels.
- Avoid choking hazard due to small parts.
- Take care when using outdoors; observe temperature limits (-20 to +80°C).
- Suitable for indoor use, not for outdoor use in rain or moisture.
- Gentle movements when pushing; avoid sudden jolts.
- Use the push bar as intended.
- Keep children away from use; do not use as a toy.
- Take care when folding the trolley, risk of injury from moving parts.
- Ensure that the load is evenly and securely distributed on the surface.
