Please note the technical data of the products!

Article Number: 883503

Safety Instructions:

- The pedal brake must be fitted correctly to avoid safety risks.
- Avoid overloading the platform trailer to reduce the risk of tipping.
- Observe protective measures: Use the brakes when you stop the trolley and only release the brakes in safe situations.
- The pedals should only be operated by adults to ensure safe use.
- Regular maintenance and inspection of the brake function are necessary to ensure safety.
