Safety Instructions:

- Caution: Choking hazard due to small parts, especially when the product is disassembled.
- Ensure that the product is stable and securely assembled to prevent it from tipping over. Ensure that the standing desk is positioned on a level surface.
- Avoid the risk of falling: Make sure that the standing desk is stable and secure and is adjusted to your height to prevent back problems.
- Check that all moving parts are properly locked before using the product.
- The maximum recommended utilisation height of 1200 mm must not be exceeded.
- When using on smooth floors, be aware of the risk of tripping due to the castors. Secure the castors when the standing desk is not being moved.
- The product is not suitable for children under 3 years of age.
- The height adjustment should only be carried out by one person to avoid injury.
- Follow the enclosed instructions during assembly to ensure stability and safety.
- Keep sharp objects and excessive weights away from the edges to prevent injury and damage.
- The product must not be used near water sources to avoid electrical hazards.
- Do not overload the lockable drawer to avoid damage or jamming.
- Protect the product from fire: Keep flammable materials away as it is made of wood.
