Safety Instructions:

- The tilting desk surface must always be stable and properly locked to prevent it from slipping.
- When using the standing desk, it should not be placed on uneven or unstable surfaces to avoid the risk of tipping.
- The assembly instructions must be followed carefully during self-assembly to ensure that all parts are properly assembled and the structure is stable.
- The standing desk must be fully assembled and tested before it is used.
- Additional cooling solutions are necessary if electronic devices are placed on the desk surface.
- Check the castors regularly for damage and ensure that they are in perfect working order to minimise the risk of falling. Wheels can be damaged on uneven surfaces.
- Check the stability of the console at maximum height adjustment to avoid the risk of falling due to improper use.
- Use near water sources can damage the product or lead to safety risks.
- The desk should only be used on hard, stable surfaces to prevent it from wobbling or tipping over.
- The product is not suitable for use by children as it is not childproof. Not suitable for children under 3 years of age as it may contain small parts.
