### Safety Instructions:

- Take appropriate safety precautions during self-assembly to avoid injury.
- Place the shelf on a stable, level surface to prevent it from tipping over.
- Keep children and pets away during assembly and use to avoid accidents.
- Use the supplied fixings and instructions to ensure that the shelf is installed correctly.
- Regularly check the stability of the shelving, especially with heavy loads.
- Before installation, ensure that all parts are present and undamaged.
- The shelving must be assembled professionally and in accordance with the manufacturer's instructions to ensure stability.
- Secure the shelf against tipping over, especially in households with small children or pets.
- Keep packaging materials away from children to avoid the risk of suffocation.
- Follow the manufacturer's instructions when using chemicals or cleaning agents on melamine resin-coated surfaces.
- Do not exceed the maximum permissible load on the shelves.
- To avoid injury, do not use the shelf as a ladder or to support heavy objects.
- When loading heavy files, place them at the bottom to minimise the risk of tipping.
- Use the product according to the instructions for self-assembly.
- Do not place excessive loads on the furniture, observe the maximum specified load capacity.
- Protect against moisture; avoid direct contact with water to prevent damage.
- Keep the shelf away from heat sources to avoid material deformation.
- It is recommended to secure the shelf to the wall to prevent it from tipping over.
- Watch out for sharp edges when assembling to avoid cuts.
- Suitable for indoor use only.
- Protect from direct sunlight.
- Set up and secure out of the reach of children.
- Avoid exerting excessive pressure on the shelves to prevent them from breaking.
- Use suitable cleaning agents for melamine resin-coated surfaces.
- Keep the product out of the reach of children to avoid injury.
- Keep the shelf in a dry environment to prevent damage from moisture.
