Safety Instructions:

- Ensure that the installation is stable and the monitor arm is mounted correctly to avoid the risk of tipping and injury.
- Take care when handling cables to avoid tripping hazards; route cables safely.
- The product is designed for monitors weighing up to 8 kg; overloading can lead to a defect.
- Assembly should be carried out by a person who understands the instructions in order to avoid accidents.
- Note discount: Do not use with screens under 15 inches or over 34 inches to ensure functionality.
- Regularly check for secure attachment and wear to ensure safe use.
- For users with special needs (e.g. children), the use of safety devices should be considered.
- When adjusting the height and tilt, ensure that the arm is not moved too far to avoid injury.
