Article Number: 661065

Safety Instructions:

- To minimise the risk of electric shock, ensure that the speakers are not placed near water sources.
- Avoid using the product with non-compatible devices, as this may result in damage or malfunctions.
- Make sure that the speakers are in a stable position to prevent them from tipping over or falling down.
- The speakers are not suitable for children under 3 years of age due to small parts that can be swallowed. Keep them out of the reach of children.
- Read the operating instructions and safety instructions supplied carefully before using the product.
