Safety Instructions:

- Do not exceed the maximum load of 90 kg.
- Do not use on crowded or unstable surfaces.
- Ensure that the trolley is on level ground to prevent it from tipping over.
- Check that the castors and handles are in good condition before use.
- Wear gloves to avoid injury when transporting heavy loads.
- Ensure that the trolley is not overloaded to prevent it from wobbling or tipping over.
- Include instructions for use in understandable language.
- When using on uneven floors, work carefully to prevent falls or tipping over.
- Use ergonomic handles to avoid injuries caused by incorrect lifting.
- Carry out regular checks of the castors and the structure of the trolley to ensure that it is in perfect condition.
