Safety Instructions:

- Use the door stopper on smooth, stable and non-slip surfaces to prevent accidents and tipping over.
- Do not place the door stopper near sources of fire or overheating appliances to avoid the risk of fire.
- Keep the doorstop away from children, it is not a toy and there is a risk of choking and swallowing.
- Avoid using the door stopper in areas where it could be a tripping hazard.
- Avoid direct contact with water to protect the stainless steel.
