Article Numbers: 660502, 660501, 660500, 660499, 660495, 660492

Safety Instructions:

- Observe maximum load capacity: Do not exceed 567 kg or 386 kg (depending on model) to avoid tipping over.
- Note maximum capacity: Do not exceed 400 litres or 800 litres (depending on model) to ensure stability.
- Use the tipper body on a stable, level surface; avoid using it on uneven or steep terrain to prevent it from tipping over.
- Regularly check castors and handle for wear and damage to ensure safe use.
- The use of personal protective equipment, such as safety shoes, is recommended.
- Keep children and animals away during use; not suitable for children under 3 years of age due to choking hazard.
- Never overload the tipper body to avoid tipping and hazards. Stability may be impaired if the load exceeds 272 kg.
- Not suitable for transporting hazardous materials; only use the tipper body for light material loads and waste.
- Take care when making sudden movements to avoid injury from falling or tipping over.
- Ensure that the tipping skip is kept away from hot surfaces and chemical substances.
- Only use the product with easily understandable instructions and safety information.
