Safety Instructions:

- Take care when loading and unloading heavy loads to avoid injury.
- Using the domed hinged lid can be dangerous if it is not closed properly. Ensure that it is closed correctly to prevent accidents.
- Risk of injury due to the trolley tipping over if used incorrectly. Ensure that the product can bear a stable load and is used on a level surface.
- When used in commercial environments, ensure that the trolley is used on a level surface to minimise the risk of tipping.
- Do not overload. Observe the maximum load capacity to avoid damage or injury.
- Regularly check for damage, especially to castors and hinged cover.
- Wear suitable protective equipment (e.g. gloves, closed shoes) during use.
- Keep the Cube Truck away from children to avoid the risk of tipping over or crushing.
- Avoid improper use on uneven ground and ensure that castors and brakes are serviced regularly.
- Only use the cleaning agents recommended by the manufacturer's specifications for cleaning.
- Keep the work area around the transport tray free of obstacles to minimise the risk of tripping.
