Safety Instructions:

- Caution! Do not use for the storage of flammable substances in Germany, Switzerland, Austria, the Netherlands, Belgium and Luxembourg.
- Observe the specific rules and regulations of your country.
- Ensure that the doors close automatically in the event of fire to safely contain hazardous substances.
- Use the padlock as an additional security measure, as it is not included in the scope of delivery.
- Regularly check the functionality of the self-closing doors and the fusible link mechanism.
- In case of doubt, clarification of possible applications with the responsible authority is required.
- Ensure that the doors are properly locked before use.
- Suitable for the storage of flammable liquids and liquids hazardous to water.
- Robust construction for maximum protection against fire and corrosion.
