Safety Instructions:

- Caution: Choking hazard due to small parts, keep away from children.
- Caution during use: Risk of electric shock from electrical components.
- Do not use in the vicinity of liquids to avoid corrosion and short circuits.
- Ensure that the roll-off trailer is used on a level surface to prevent it from tipping over.
- Only use suitable strapping with the specified core diameter of 406 mm.
- The wheel brake should always be activated when the machine is not in use.
- If used incorrectly, there is a risk of injury from falling or uncontrolled unrolling straps.
