Safety Instructions:

- Make sure that the computer trolley is stable to prevent it from tipping over.
- Only use the electrical connection with the specified voltage of 230 V and 2.5 A.
- Keep the battery away from water and extreme temperatures to prevent damage.
- Avoid using the trolley on uneven or sticky surfaces to prevent tipping or tripping.
- When using the screen mount, make sure that the weight of the display remains within the limits of 2.3 to 5 kg.
- The LED indicators on the keyboard shelf should not be covered to ensure visibility.
- The trolley is only safe for use by adults or under adult supervision.
- Take precautions when using the device near water or other liquids.
