Article Numbers: 465442, 465441

Safety Instructions:

- Do not use the cupboard as a ladder to avoid falls.
- Do not exceed the maximum load of the shelves (35 kg).
- Only lock the cabinet with the key to prevent unauthorised access.
- Ensure a stable surface during assembly and installation.
- Always follow the installation instructions supplied.
- Please note that the cabinet has a weight of 51.936 kg. Ensure safe handling.
- The product contains sharp edges. Be careful when handling.
- Use a cylinder lock to prevent unauthorised access.
- High-quality steel ensures stability, but should be checked regularly for damage.
