Safety Instructions:

- Caution: The light contains non-replaceable LED light sources that cannot be replaced by the consumer.
- Take care not to use the light in damp rooms as it only complies with protection class IP20.
- The light must not come into contact with water or other liquids.
- Avoid direct sunlight to prevent overheating or damage to the electronics.
- The touch dimmer should be used with care to avoid unintentional changes in light intensity.
- Keep the light and the power supply unit away from heat sources and naked flames.
- The light is not suitable for use by children without supervision.
