Safety Instructions:

- Read and observe the operating instructions before use.
- The light may only be operated with a voltage of 100-240 V AC.
- The luminaire contains built-in LED lamps that cannot be replaced.
- Be aware of the risk of suffocation from small parts that may be contained in packaging.
- Do not use near water or damp areas to minimise the risk of electric shock.
- Handle the touch display with care to avoid unintentional settings.
- In the event of faults or damage, contact qualified specialist personnel.
- Only place the light on stable, flat surfaces to prevent it from tipping over.
