Article Number: 661676

Safety Instructions:

- Make sure that the chair is used on a stable, level surface to prevent it from tipping over.
- Avoid excessive pressure on the backrest and seat to prevent damage.
- Ensure that the chair is not used by children without supervision to avoid accidents.
- Observe the maximum permissible weight of the chair to prevent the components from breaking or failing.
- The safety double castors are only suitable for hard floors; use suitable floor protection measures for other surfaces.
