Article Numbers: 661241, 661239, 661238, 661237, 661235

Safety Instructions:

- Regularly check the stability of the mobile container to prevent it from tipping over when being pushed.
- Avoid excessive weight in the top drawer (maximum 3 kg) and observe the maximum load for lower drawers (up to 10 kg each) to prevent overloading.
- Ensure that the castors function properly and can be locked if necessary to prevent them from rolling away.
- Make sure that children do not use the mobile pedestal as a toy to avoid injury.
- Place the mobile pedestal on a stable, level surface to prevent it from tipping over.
- Do not use the mobile pedestal with overloaded drawers to avoid stability problems.
- Keep the castors clear of obstacles and check regularly for damage to avoid the risk of accidents.
- Avoid using sharp objects in the drawers to prevent damage.
- Check the connections and screws regularly to ensure safety.
- Before use, ensure that all castors are correctly fitted to avoid injury.
- Keep the work surface free of liquids to avoid the risk of slipping.
- Distribute the weight on the top evenly under heavy loads to prevent tipping.
- Not suitable for children under 3 years of age as small parts could be swallowed.
