Article Number: 883505

Safety Instructions:

- Only use the hand truck for the recommended load of up to 150 kg.
- Make sure that the handles are secure and firm in use to minimise the risk of slipping.
- When handling heavy loads, ensure that the load is correctly positioned on the bucket to prevent tipping.
- Keep the hand truck away from areas where children play to avoid the risk of accidents.
- Regularly check the condition of the wheels and the bucket for wear or damage.
- The hand truck must not be used for purposes other than those for which it is intended.
- Only operate on stable, level surfaces to prevent the appliance from tipping over.
