Safety Instructions:

- Ensure that the wall cabinet is securely mounted on the wall to prevent it from tipping over and that all assembly instructions are followed carefully.
- The maximum load of 8 kg per shelf must not be exceeded to ensure stability and safety.
- Avoid handling the product in the vicinity of children and keep the wall cabinet away from places where children could play to avoid injury.
- Do not place the wall display cabinet near heat sources to avoid overheating or the risk of fire.
- Take care when handling the glass panes to avoid injuries from sharp edges and cuts.
- Avoid placing heavy objects on the glass shelves that exceed the recommended load.
- Carry out safe installation in accordance with the instructions and ensure that the walls can bear the load of the display case.
- Before opening the hinged doors, ensure that the display case is stable.
- Protect your hands during assembly to prevent injuries from sharp edges.
- Make sure that the toughened safety glass (ESG) does not break, otherwise there is a risk of injury.
- Small parts may be dangerous for children.
- The product is made of glass - beware of cuts.
