### **Safety Instructions:**

- Please note that the drawer cabinet is heavy (90 kg); please use suitable lifting and carrying techniques when transporting it.
- Make sure that the drawers are fully closed to prevent them from falling out or tipping over.
- The drawers are fitted with a pull-out end stop to prevent them being pulled out unintentionally; please always use this function.
- All drawers should be tested for proper function before further use.
- Keep the drawer cabinet away from sources of fire and extreme temperatures to prevent material deformation.
- The integrated cylinder lock should be serviced regularly to ensure smooth operation.
