Safety Instructions:

- When using the workshop trolley, ensure that it is placed on a stable and firm surface.
- Take care not to exceed the load capacity of 40 kg per drawer to avoid damage and the risk of falling.
- The drawers are fitted with a pull-out safety catch, but care should still be taken when opening and operating them.
- Avoid moving the workshop trolley at excessive speed to prevent it from tipping over.
- The product is not suitable for use by children. Keep children away during use.
- Only use the workshop trolley for its intended purpose and in accordance with the operating instructions in order to minimise safety risks.
- Safety information and warnings should always be visibly attached to the product or included in the operating instructions.
- If the trolley or the tool it contains is damaged, stop using it immediately and switch off the product if necessary.
